Summary

Holds fractional weight plates (30mm and up) for ATX cable machines weight stack.

[Sports & Outdoor](#) > [Indoor Sports](#)

Tags: [fitness](#) [weightlifting](#)

I suggest 25% infill, 6 perimeters and 6 top/bottom layers for mechanical stability.

No supports are needed, brims are suggested.

To assemble you will need 5x m3x20mm cylinder head screws.
