updated 7. 1. 2024 | published 7. 1. 2024

## Summary

Adds a little width to the Anova Sous Vide machine, specifically Yeti Coolers.

Have you ever tried to Sous Vide with the Anova in a Yeti Cooler? I have and it doesn't work. This buffer model adds a little width to the clamp so that you can hook it to the edge of your Yeti Cooler. The tolerances are pretty tight so it snaps together.
