Stand for 24 bottles of Holo Taco nail polish. 3 rows per 8 bottles. The row inner dimensions is width 28 mm, length 226mm. Fit for Holo Taco nail polish bottles, that I had available, is snug. There is 0.5mm tolerance. So the bottles are not wigling in the stand too much and there is no resistance while getting them in or out, but thei are not gonna fall out while moving the stand.
