Prusa
MK3/S/S+

[Household](#) > [Bathroom](#)

Made to hold 2 toothbrushes (big enough for electric), toothpaste, and rinse cup (diameter is 45mm). The handle is separated by a mortise and tenon joint, so it can be printed upside-down without supports, and glued together after. printed without supports, I used brim but not sure if that's necessary. designed on fusion 360
