Some parts require supports

Some parts are remix's I tried my best to add them below.

Modified the Lego man parts to fit this build.

The clear helmet shield and shield window I printed with 0 Infill to avoid lines within.

On the face just paint it or you can use a sharpie.

Before printing check the grip on the weapons on the hands to see if it's where you want it. It was good for me but I know some want it fitting tight. Separated some pieces to print in different colors.

This STL is not to be sold or distributed without authors consent.
