Summary

I used the 50% travel version but modified the lid to be sliding to secure the game better. This is ONLY the storage box

[Toys & Games](#) > [Other Toys & Games](#)

The original box this is based on fits the game pieces snugly. You may want to enlarge the box slightly.

Also, you may need to resize (slightly smaller width) the lid based on your printer tolerances and filament used since it is a close fit with the Bambu X1C printer.
