A handy and lightweight take-along frame for the Gillette Mach 3 razor.

This Thingiverse design template offers a handy solution for Gillette Mach 3 razor users who want to carry their razor safely and securely on the go. The take-along frame is specially designed to hold the razor in a compact and lightweight frame. It is made of a durable plastic material and features a flexible elastic band that holds the razor securely in place.

The frame is designed to fit the Gillette Mach 3 razor exactly, preventing the razor head from slipping or sliding around. The rubber band provides added security and protects the razor from accidental bumps or drops during transport. The compact size of the frame allows it to fit easily into pockets, toiletry bags or travel bags.

This design offers a practical solution for those who travel a lot or often want to take the razor with them. It ensures protection of the razor and keeps it organized and handy, whether traveling for business, on vacation

or at the gym. With this take-along frame, users can safely store their razor and always have a reliable and handy razor at hand.

The Thingiverse community can use this design template to make and customize the Gillette Mach 3 razor carry-along frame. It provides an easy way to protect the razor while traveling or on the go while saving space. The take-along frame is a handy accessory for anyone who wants to take advantage of 3D printing to enhance their shaving experience.
