Tags: [badges](#) [patch](#) [velcro](#) [patches](#)

Set of 3D printable patches (82 mm diameter, and 82 mm square) to be sew with velcro strip, and then attached to backpacks, gears, whatever you want.

Tested with **0.5 mm** nozzle and **0.25 mm** layer height. No problems with small details, printed in **PETG** for little bit of flexibility (you don't want your patch to strip of because it can bend and adjust like material one).

.step files of blank square and round patches added for possible modifications and remixes.

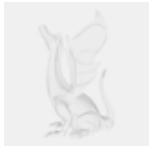

This remix is based on
