[cabinet](#) [drawer](#) [m5](#) [cabinethandle](#) [cabinetknob](#)

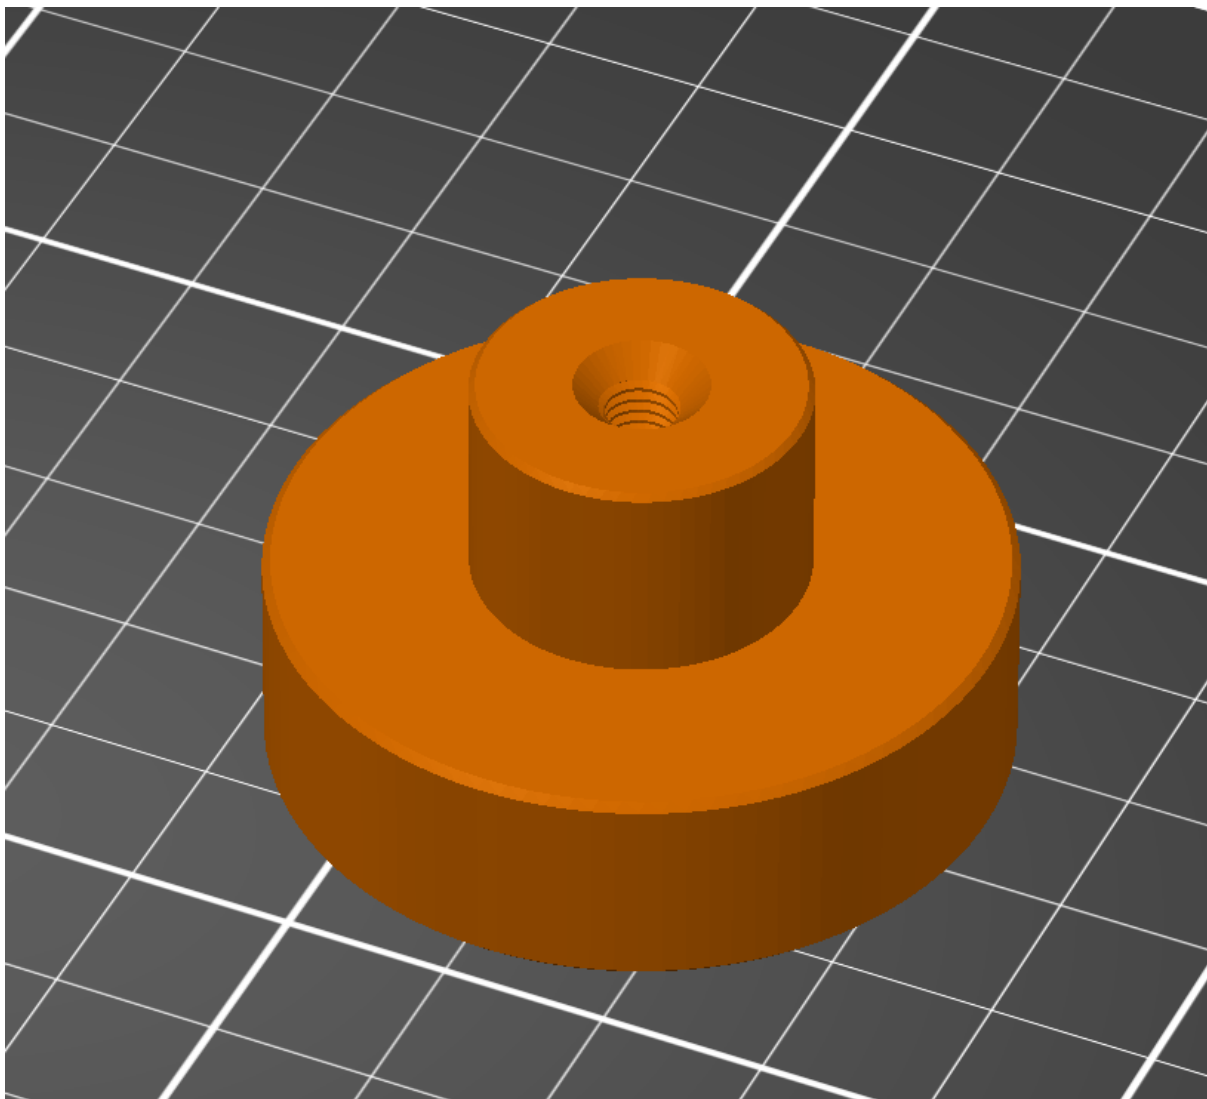

This can functions as a handle for closet doors, drawers, or kitchen cabinets etc. With a thread hole designed for an M5 screw, it can be easily attached directly to an M5 bolt or screw without the necessity of drilling a screw-thread.

#### Technical details:

- Total height: 26mm
- Pulling distance: 13mm
- Outer diameter: 44mm
- Inner diameter: 20mm
- Screw hole: M5

#### Printing orientation:

Refer to the image.
