

IKEA Fabrikör Shelf Glas Support

Vision Forge Creations

[VIEW IN BROWSER](#)

updated 13. 1. 2024 | published 13. 1. 2024

Summary

Alternative to the custom metal glass shelf supports . With this, you can add more glass shelves if needed.

[shelfsupport](#)

The original glass shelf supports for the Fabrikör cabinet model are not available for individual purchase from IKEA.

I added a couple of extra glass shelves to the cabinet using their own holders and have been using them for a couple of years now.

Printing settings:

- Support: Yes
- Material: PETG
- Orientation: refer to the image.
