Set of trays with hex grid pattern for better arrangement of random things on desk

3 types are available:

single tray 90mm tall

- triple tray 90 mm tall with 3 various lenghts (~150, 120, 90mm)

- triple tray ~150mm tall with 3 various lenghts (~150, 120, 90mm)

used for storage and organization of sewing parts

3 walls and 2 bottom layers is enough for strength in PLA
