### Summary

Updated printable downlight fitting for an LED GU10 lamp.

[Household](#) > [Home Decor](#)

Updated printable downlight fitting for an LED GU10 lamp. The springs holding it in place and the spring holding the lamp in the fitting needs to be taken from an old fitting. I used these to replace the fittings in the bathroom since they were rusting due to the moisture.

The pins holding the springs in place were not always strong enough, so I made them a little thicker.
