Harley Quinn

THE VISUAL EFFECT IS POSSIBLE EVEN WITHOUT LED OR ADDITIONAL LIGHTS AT THE REAR.

With LEDs, it is more clearly accentuated

I created the image with certain plays of light to enhance the lithophane objects. It prints with any FDM, low speed, four perimeters and 100% infill.

layer height 0.12

It can be printed with PLA with light colors.

If you use the colored ones, you will have different effects.
