updated 7. 1. 2024 | published 7. 1. 2024

Summary

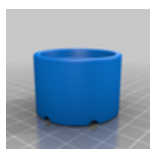

Use this to stand up tubes of toothpaste that have small flip top caps or screw on caps so that they take up less space.

[Household](#) > [Bathroom](#)

Tags: [stand](#) [toothpaste](#) [toothpasteholder](#)

Should print fine with the drain holes down on the print bed (that should have the best surface finish on the top). Any PLA or PETG should work fine.
