Samurai on the Bridge

GOOD LUCK. This is going to be a doozie of a challenging print. I did my best to make sure that everything is connected and solid. If you have the skills give it a go please send me all your critical feedback so I can work on it. I may add in the blood splatter later.

A remake of Dreamsong by Kampfisken:

Attached parts so they could be printed. Tried my best to get the blood to be included but the number of offsets I needed to add to make it printable made it look like a chain of sausages.
