Tags: [flexible](#) [tpu](#) [foot](#) [tray](#) [tv](#) [flex](#) [television](#)

TV Tray Foot printed with flexible TPU to avoid scratching the floor.

For my TV Tray adding the feet does not allow the tray to fully close as there is not enough clearance. Fortunately, the tray is rarely folded and stays open most of the time.

23 mm x 21 mm with rounded bottom, print with supports round side down, and pry the supports off after the print is finished.
