Summary

I did the CAP for 100% size. Cap has the hole for ornament hooks for the tree. Can be printed without support.

[Seasonal designs](#) > [Winter & Christmas & New Year's](#)

Tags: [cap](#) [supportless](#) [caps](#)

This cup is for 100% size of ornament. Its advantage is a hole for hooks of Christmas ornaments and printing with no supports.

Layer 0,2mm. Same filament and color as ornament.

Printed on MK4 and Bambu Lab X1C with no issue.

This remix is based on

Christmas Tree Ornament Set (Vase Mode Prints)
