I hate searching for hankies at night and even more when I caught a cold and need some nasal spray. This reduces nightly searches in the drawer due to nasal maintenance to a single action. Let's you have all your bedside necessities at hand. Blowing your nose like a breeze.

There are several versions for you to download, differing in only 2 aspects:

- with or without the letters “Schnodderbox” on it
- with or without the rabbet on the top back to fit the **IKEA MALM**

Prints good with PLA.

The big pocket even holds condoms, but don't tell mommy! ;)
