Summary

A stand for filament spools or the vertical spool drawer.

Tags: [spool](#) [filament](#) [stand](#) [filamentspoolholder](#) [vertical](#)
[drawer](#)

I printed the vertical spool drawer and i could have printed the stand version, which comes with the print files but i wanted a simple version of a stand.

This version of the stand is for spool diameter of 200 mm and a spool width of 75 mm.

Feel free to use the .STL to modify it or change the dimensions within the slicer, i think.

It is printed with a 0.4 nozzle, 0.2 layer height, 2 perimeters and 15 % infill.
