This bathroom accessory is designed for modern convenience and efficiency. This 3D printable model is a toothbrush holder with a seamlessly integrated hook for hanging a razor. Its dual functionality makes it an ideal space-saver for any bathroom setting.

The model consists of three parts: a base, a lid, and a printing guide. The base and lid are designed to hold multiple toothbrushes securely, ensuring hygiene and organization. The added feature of a razor hook provides easy access and storage for shaving essentials, making your morning routine smoother.

For optimal flexibility, is recommended to print the guide in TPU or another soft material.
