Summary

Funnel for pouring liquids in jars.

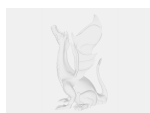

[Household](#) > [Kitchen](#)

Tags: [funnel](#) [liquid](#)

I needed to pour some cooking oil back in the bottle it came in, the hole is 38,5mm so I made a 38mm funnel with an air channel to prevent the funnel from backing up when it closes off the bottle.

The top is 600 wide. It prints without any supports.
