Large and Small Heart Layered Fidgets

3D PRINTING SETTINGS

Layer Height 0.2mm

PLA works great

15-20% Infill

Dimensions of Large Heart Layered Fidget: 4in x 4in x 7/8in

Dimensions of Small Heart Layered Fidget: 2 3/8in. X 2 3/8in. X 7/8in.

You could scale up on these but I would caution about scaling down too much because that will make the walls thinner and decrease the spacing between the layers resulting in a less satisfying fidget.

Have fun printing:)
