Summary

A mini ITX case I made so my computer wouldn't be so damn naked

Tags: [mini](#) [case](#) [pc](#) [itx](#)

I made this to fit **my specific hardware**, and on my specific printer so good luck if you want to print it. Id love to hear how it goes and id be happy to help out if you need. If threes any interest I can clean up my cad and post the fusion files or make a print/assembly guide
