

Battery compartment AA for YF Robot Car

L. Gisi

[VIEW IN BROWSER](#)

updated 17. 1. 2024 | published 17. 1. 2024

Summary

instead of mounting a cumbersome standard battery holder a to the car. I designed my own version with inserted mounts.

[Hobby & Makers](#) > [RC & Robotics](#)

be prepared - this model will keep you busy

several nuts and “battery contact springs” will need to be added mit-print
