Summary

A remix of Dude's tracksaw rail caps that align the hanging holes on Powertec's tracksaw rails

[Hobby & Makers](#) > [Tools](#)

Tags: [tracksaw](#) [powertec](#) [tracksawrail](#)

I made a set of [Dude's tracksaw rail caps](#) for my Powertec rails. The caps fit perfectly but unfortunately Powertec did not center their mounting holes which prevents them from being used. This model offsets the rails by 7mm to allow the holes to line up properly.

This remix is based on

Track Saw Rail Storage End Caps
by Dude
