

Straw Arrow

Bartimus

[VIEW IN BROWSER](#)

updated 15. 1. 2024 | published 15. 1. 2024

Summary

By adding these two parts to any 5.8mm diameter straw you can turn it into an arrow.

[Costumes & Accessories](#) > [Props](#)

This straw should be easy to 3D print. However, removing supports from the fins may be difficult. Attach the fins at the back, and the head at the front.
