Summary

This is a remix of a hobby knife design that I like. I added to the handle to make it easier for me to hold.

This is a remix of a hobby knife design that I like. I added to the handle to make it easier for me to hold.

I printed this with PLA and 50% infill Laying horizontal on the build plate. clean up was a PITA but i wanted the extra layer strength.

The “tension” part of the model can be found with the original post.

This remix is based on

Hobby Knife
