updated 15. 1. 2024 | published 15. 1. 2024

### Summary

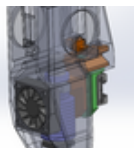

Modified Rookery V6-CHC Mount for clone v6 hot end that sits 2mm higher so that the fan duct is properly aligned.

Tags: [rook](#) [rookmk1](#) [rookery](#)

My clone V6 sat to low for the fan duct to work properly, so i raised it by 2mm in PrusaSlicer, the distance can be changed by adjusting the Y position of part4hotend as shown in the picture.
