### Summary

I created a Paint Pen Holder (Square Base) to clean up my work desk and organize the paint pens.

[Hobby & Makers](#) > [Organizers](#)

I created a Paint Pen Holder with a square base to clean up my workspace and organize the paint pens by color. I designed the model using Fusion360. Simple rectangle base 145.5mm x 56mm with a 2.85mm height with 24 Tubes (15.5mm inner diameter, 17.5 outer diameter, and a height of 45mm). I printed the model on the Creality K1 printer in Creality Hyper PLA. I did not select supports or brim.
