**THIS IS AN OUTDATED MODEL [CLICK HERE TO SEE THE NEW ONE](#)**

Holds 6 cables with a maximum wire diameter of 5mm. However I included the 3ds and step files so feel free to modify to your needs.

In the 3ds I added the 2 variables "number\_of\_holes" and "cable\_diameter" for those unfamiliar it is under:

Modify>Change Parameters

This model is designed for a 15mm double sided tape I used [this one](#)

If you need something more extensive this I have seen this option on Thingiverse:

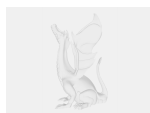

<https://www.thingiverse.com/thing:4903809>

Category: Organization
