Introducing the UV Hazard Coaster Collection by MihovecDesign, where safety meets design. Elevate your space with coasters featuring UV-resistant motifs.

Standout Features:

UV Protection: Opt for various colors or dual-color filaments for a personalized touch.

Seamless Assembly: Crafted without additional supports, ensuring a hassle-free printing experience.

✳️ UV-Resistant Motifs: Each coaster adorned with designs for UV safety and style.

⚙️ Print Perfection: Designed for effortless printing without the need for extra supports.

Diverse Designs: The bundle includes five unique coaster designs, offering a captivating assortment of UV-resistant elements.

Versatility Unleashed:

Safety Decor: Elevate your living space with these coasters, combining UV protection and style.

Personalized Style: Customize with colors to match your individual aesthetic and taste.

✳️ Showcase UV Safety: Ideal for displaying your coaster collection, each piece featuring UV-resistant motifs.

Inclusive Package:

Accessible STL Files: Easily obtain all necessary files for a seamless printing experience.

Easy Assembly: Follow straightforward instructions for stress-free setup.

✳️ Craft Your Collection: 3D print the coasters with your preferred color scheme and assemble effortlessly.

Getting Started:

Effortless Acquisition: Secure the required STL files with ease.

Instant Download: Quickly download the files to kickstart your 3D printing journey.

Hassle-Free Printing: Print the coasters with your preferred color scheme to bring your UV hazard vision to life.

Simple Assembly: Follow provided instructions for a seamless setup.

Revel in Safety: Watch as the UV Hazard Coasters add a touch of UV protection and style to your collection.

Ready-Made Convenience: Let Us Handle It for You! Avoid the complexities of 3D printing – connect with us on Instagram @mihovecdesign or via email at mihovecdesign@gmail.com.

3D PRINTING GUIDELINES

Infill: Maintain a minimum of 20% for optimal stability.

Speed: Ensure a minimum speed of 40 mm/s for best results.

Supports: Not required – designed for a hassle-free print in place.

Skirts/Rafts/Brims: Typically unnecessary; consider using a brim for improved bed leveling or a raft for better adhesion. Printing with resin is also a viable option. First Layer Caution: Exercise caution during the initial layer to prevent undesirable smushing caused by inappropriate nozzle-to-bed proximity.

Addressing Challenges: Encountering issues? Reach out promptly, and we'll provide assistance at the earliest.

Bespoke Designs and **Commercial Opportunities**: For personalized designs or commercial inquiries, kindly contact us privately via email at mihovecdesign@gmail.com

Print and Ship Service: Prefer a hassle-free option? If you'd like us to handle the printing and shipping process to your location, please send a message on Instagram or via email at mihovecdesign@gmail.com
