### Summary

A DVD rack designed to be compatible with the Kallax Shelf SNES Cartridge Holder

I downloaded the original model, but I don't have enough SNES games to justify modifying my Kallax to insert 5 rows of these.

I did the math and there was just enough room for DVDs to sit next to the SNES cartridges in a Kallax cube, so I designed this shelf to interlock with it.

I used this to store my Gamecube games snugly next to my SNES cartridges. Works well for me, so I thought I'd share.
