Summary

This is a customizable keychain. Kids love to have a keychain for their bag with their name and number.

Customizable keychain. You can add your players name and number. Made this for my girls and they loved it. This can be made with either baseball or softball colors. Just do a color change when the stitches start printing and it will look great. Planning on making their for my daughters teams so we can keep the bags straight for all the players.

You should be able to open this file in Prusa, Bambu, etc and modify the text to show your players name and number.

[Here](#) is an Amazon link to keychain parts that are very helpful.

This is my first try at posting a model so please let me know if I need to change anything. I thought others might find this model helpful so I thought I would try posting it. Thanks!
