### Summary

It's a pretty simple hook that I've been using for my headphones. It's made to screw in under a shelf.

Tags: [hook](#) [headphones](#) [headphoneholder](#) [shelfmount](#)

Not much to say - It's a hook for hanging things. I've been using it for headphones but let your imagination run wild! The unique selling point here is that it's made to screw in underneath a shelf.
