[phoneholder](#) [powerbank](#) [ledringlight](#)

I needed to attach the phone to the LED Ring Light. I used the existing tripod holder for this.

The holder also includes the option of attaching the power bank and cables using a Velcro strap. This makes it a portable light.

### Print instructions:

- Material: PETG, PLA
- Layer: 0,2 mm
- Perimeters: 2
- Infill: 15%
- Supports: Yes

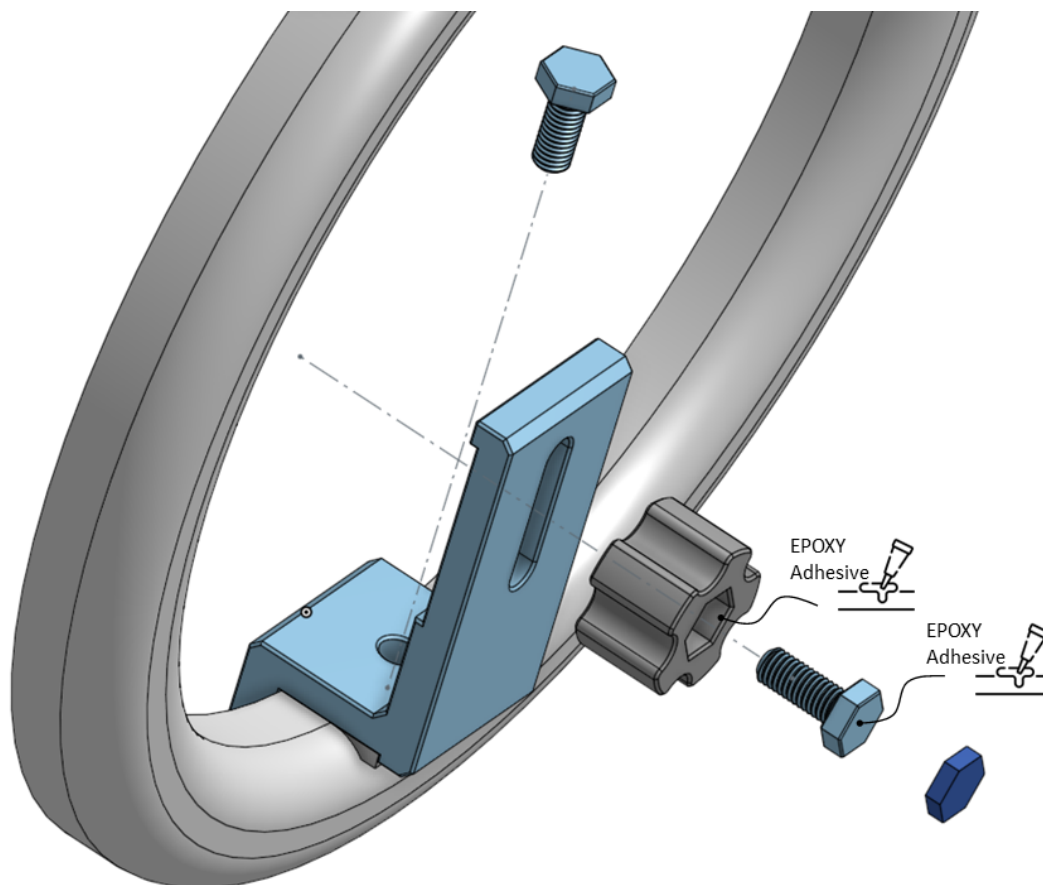

- Brim: No

This model does not require any special settings, more details in the attached 3MF file.
