Summary

LED bar for Voron 2.4 300mm

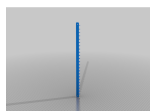

[3D Printers](#) > [Voron Parts & Upgrades](#)

Tags: [led](#) [bar](#) [ledbar](#) [ledbarmount](#) [caselight](#)

Yet another led bar for Voron 2.4 (300mm).

Diffuser from the original model does not fits perfectly spaces between my LEDs, so I created a new one with almost perfect match.

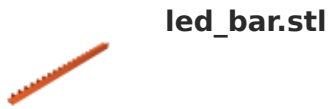

This remix is based on

Voron V2 350 LED strip baffles (RCFISHHUNT remix)
