I needed an LED strip holder for my Mercury One.1

But, most of designs available to download had LEDs facing downward

Here it is!

15-degree angle, (200mm L/10mm W) Led strip holder fits perfectly on the Mercury One

STEP 1. mount the holder

You need

2x M4x8mm

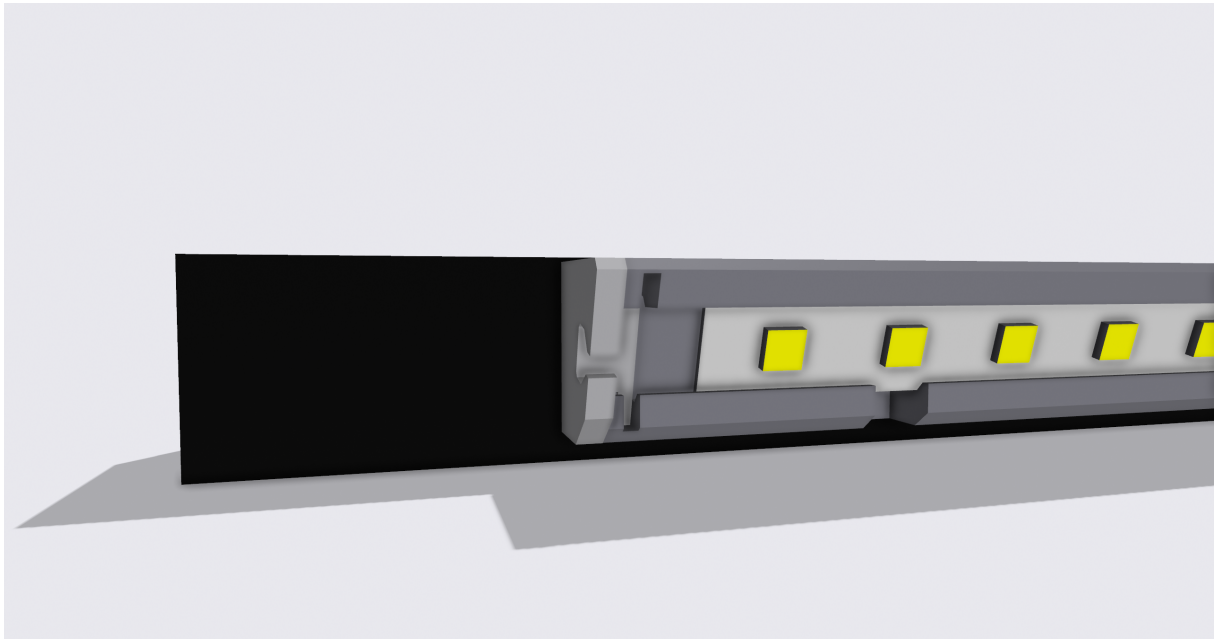

2x M4 T-nut

STEP 2. Slide the LED strip in
Wiring must be finished before you slide it in.

STEP3. slide the cap in

Enjoy
