All it takes is a piece of material so that everyone has a marked pillbox.

Print instructions:

- Material: TPU, TPE
- Layer: 0,2 mm
- Perimeters: 2
- Supports: No
- Brim: Optional

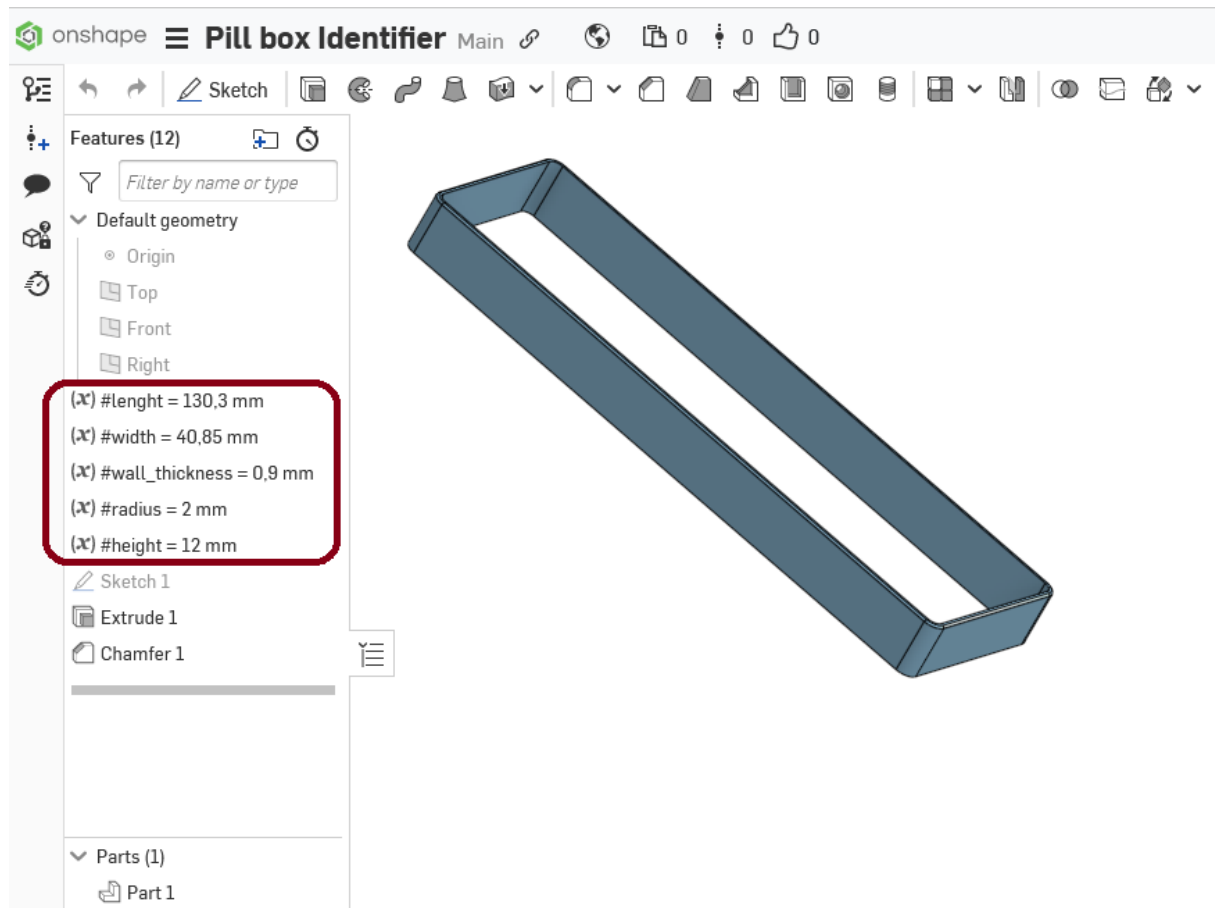

This model requires some special settings, more details in the attached 3MF file. The printing speed depends on the material used.

Assembly instructions:

The strip does not need to be glued to the box, its dimensions and material are designed so that it holds on its own.

Custom modification:

If you want to modify the model, I am attaching the STEP file and a link to my OnShape.

You can customize the model by simply changing the parameters.

Note:

Please don't forget to leave a rating or a comment. I will be glad for any feedback, so I can correct any mistakes in the design. Thank you very much.

Print visions, create reality!
