This is a modern **Huawei Watch** charger holder, with a place to put your charger in and a place for the cable.

Some force was needed to fit the chrager (not a lot of force), but maybe printing in a higher resolution will make it better.

- **Print Settings:**
- PLA, 20% infill
- .25mm DRAFT
- With supports and brim
- And the rest is with default settings.

Hope you enjoy!
