Summary

This is a silhouette of the McDonnell Douglas F/A-18 F18 Hornet to fix on a wall.

[Art & Design](#) > [Wall-mounted](#)Tags: [decoration](#) [wall](#) [wallmount](#) [silhouette](#) [fa18](#) [f18](#)

The default model is 2mm thick and around 40cm. It was obviously too large for my ender3 so I split it in the middle.

You can scale the parts as you want but don't scale all the axis the same otherwise the thickness will change too.

You can fix it on a wall with small nails or double-faced tape.
