## how to play

fish on is a very simple fishing game where the goal is to hook as many fish as you can in a set time. person with the most amount of fish caught wins.

can be played alone or with up to 4 people (more people can play just print more fish and hooks or tack turns).

lay the fish in the middle of all players (in front of you if solo).

everyone takes a turn catching fish (each turn lasts 30sec to 2min depending on how long you want the game to last and how many fish

there are). after each persons turn return the fish and the next persons turn will begin (keep track of how many fish to caught).

repeat for as many round as you like (keep number of rounds low 3-5).

person with most amount of fish caught wins.

if playing solo try to catch as many fish in a set time and then try to beat that time.

## requirements

string and something to act as the fishing rod (stick, rod etc)

tie one end of the string to a hook and the other to the soon to be finishing rod.
