updated 19. 1. 2024 | published 19. 1. 2024

### Summary

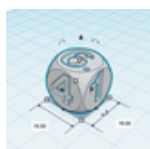

Three (3) color die with the numbers (1-6) drawn (not dots)

[3D Printers](#) > [Test Models](#)

Tags: [toy](#) [mmu](#) [gear](#) [dice](#) [die](#) [chance](#) [threelittlepigs](#)  
[mmupainted](#)

A small but great test model to check the filament change functionality of MMU for three (3) color changes. Recommend to use the Two (2) color die first.

### This remix is based on

**dice 1-6**
