Summary

3D printed parts for holding gantry in place when working on it

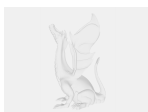

[3D Printers](#) > [Voron Parts & Upgrades](#)

Tags: [holder](#) [hands](#) [gantry](#) [voron](#) [voron2](#) [derack](#)

3D printed arms for holding gantry level and in place.
4 available versions spanning from 100mm to 250mm

Its recommended to print 2 arms per side totaling 6 arms for Voron 2.4 gantry
Lower end of the arm is 3mm wider so it does not touch belts. Upper end of the arm has hexagon
