updated 22. 1. 2024 | published 22. 1. 2024

Summary

25mm internal. Will hold a majority of cigars. Knurling is kept scaled from bottom of tube onto the cap.

Tags: [holder](#) [case](#) [tube](#) [cigar](#) [knurled](#)

The internal height is ~175mm and will fit up to a 25mm cigar. I added knurling on the outside to give more grip.

Posting as a .3mf so anyone may edit. I added some initials to the cap for some personalization. I will post more updated pictures as I create a few more!

Printed on a Bambu A1 with a 0.4 nozzle.

Settings:

Layer Height - 0.2mm

Infill - 15%

Walls - 2

Speeds:

Outer wall - 200mm/s

Inner wall - 300mm/s
