Summary

Lower cheek rest for the Snowpeak (Artemis) P35 air-rifle

[Sports & Outdoor](#) > [Outdoor Sports](#)

Tags: [airgun](#) [artemis](#) [airrifle](#) [cheekrest](#) [p35](#)

Improved version of my lower cheek rest for the Snowpeak (Artemis) P35 air-rifle.

Allows to drop the height to 35.42mm (1.39") vs 40mm of the original so you can use regular high weaver scope rings instead of ultra high rings or risers.

Printing:

Removed the added support.
