I had issue with the Lead Screw nut which came with my prusa mini Z stepper motor so i searched alot ! not easy to find its come only when you buying the motor itself , even on prusa shop ; so i came with this and works perfectly no wobble ni too loose

maybe can HELP someone there !

- Printed in PLA or PET-G filament
- 100% infil
- 0.1 layer height

this Nut not compatible with Prusa MK3s/Mk3 in general

Just for Prusa MINI/+ lead screw Type

Appreciate my work ?

buy me a coffe
