Summary

System for hanging cards or photographs on the wall

[Household](#) > [Home Decor](#)

Tags: [cardholder](#) [photoframe](#)

System for hanging cards or photographs on the wall that can be extended as required.

Currently has a camera shaped hook and single photo hanger but I have plans to produce different style hangers. I also have a Xmas tree hook, but it needs a tweak before uploading.

Should print well at any settings. Just watch the hole and button sizes are compatible.

Sticks to the wall using 3M Command or similar strips.
