updated 16. 1. 2024 | published 16. 1. 2024

## Summary

I added a cylinder to this file which I took from Thingiverse. Feel free to modify the file to make it print-in-place.

[3D Printers](#) > [Creality Parts & Upgrades](#)

Tags: [extruder](#) [rainbowsixsiege](#) [pellet](#) [extruderknob](#) [hibana](#) [xkairos](#)

I glued the two parts together, because I didn't want to use supports and I'm still not confident with my printing skills. You can change the knob's dimensions to your needs
