Tags: [holder](#) [screwdriver](#) [gridfinity](#)

## Highlights

- Holds five screwdrivers, up to 200mm long:
  - Three slots for screwdrivers with bodies up to 94mm long and 20mm diameter.
  - Three slots for screwdrivers with bodies up to 70mm long and 15mm diameter.
- Occupies a 5x2 Gridfinity footprint.

## Print

- I used Sunlu PLA+, with mouse ears on the corners to reduce warping.

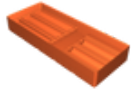

## Model

- Fusion 360 model file is included in case you need to tweak.

## Origin

- Model uses the Fusion 360 Gridfinity base found in the [Gridfinity Master Collection](#).
