Summary

Some of my scad modifications to the original.

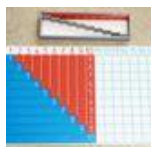

[Learning](#) > [Math](#)

Tags: [math](#) [montessori](#)

Per another user's request, here are my modifications to the original design. Things I changed:

- Increased width of the board to 20 boxes and shrank the box size accordingly to fit within the same space
- Increased the thickness of the grid and number lines

This remix is based on

Learning numbers & letters - Montessori (customizable)
